

THE
AMERICAN
AXE & TOOL CO.
NEW YORK
·U·S·A·

This 1894 catalogue is reprinted in facsimile from an original owned by Mr. Charles A. Heavrin, a Mid-West Tool Collectors Association member of Memphis Tennessee. The original catalogue was printed with the tool name on the page facing the tool. In the interest of economy, the name and the tool are combined on a single page, then reducing the number of pages by one half.

In addition to providing the original catalogue, Mr. Heavrin prepared the well researched axe history, which is added as a fore piece to this catalogue. A reference section is a part of the history.

We are grateful to Mr. Heavrin for making his catalogue available to our members, as well as for his work in preparing the history.

TO THE TRADE.

In presenting this Catalogue, we would respectfully call attention to the fact that we are the largest manufacturers in the world of Axes and Edge Tools.

The reputation for quality and finish of the brands manufactured by this Company is unexcelled, and it will be our constant aim to maintain, and, if possible, improve the high standard of our product.

Price Lists and Discount Sheets will be furnished on application.

Address all communications to our New York office.
